RescuePals

RescuePals is an NFT-based browser game where characters and items are created from real-world actions of animal welfare. In-game events trigger real-world benefits for animals!

Multi-Chain Digital Twins

Each RescuePal NFT is uniquely created from actual animals rescued and receives a randomized set of in-game characteristics.

Real-World Impact

75% of project revenue is routed to charity partners and animal welfare causes, all transparently and independently verified.

Play-to-Aid

Explore the expanding in-game world of Pawtopia while helping real animals to level up your RescuePal, earn NFT collectibles and more.

Can you collect them all?

Real World Impact

Global Animal Care

RescuePals works with an expanding group of animal care organizations to sponsor adoptions, and provide critical supplies

Digital Twin Donation

Each contribution to animal welfare is represented in-game via items, points and more

Play-to-Aid

Play an expanding library of minigames to earn items, points, achievements, and more!

Complete unique quests and events to trigger animal welfare actions around the world!

Participate in free point faucets by watching ads and other featured media - Log in to claim your points or have them default 100% to charity.

Redeem your points for a variety of tokenized physical assets and unique rewards. Upon redemption, 75% of point value in kibble is queued for donation.

Tokenized Animal Welfare

Adoptions

Each RescuePal character represents a real animal rescued. With Season One, we're sponsoring the adoption of 10,000 dogs out of kill shelters worldwide!

A favorite in the world of Pawtopia, these digital delights represent 1:1 real pieces of kibble donated to animals in need.

Earn them in-game, then redeem for a variety of rewards!

Kibble

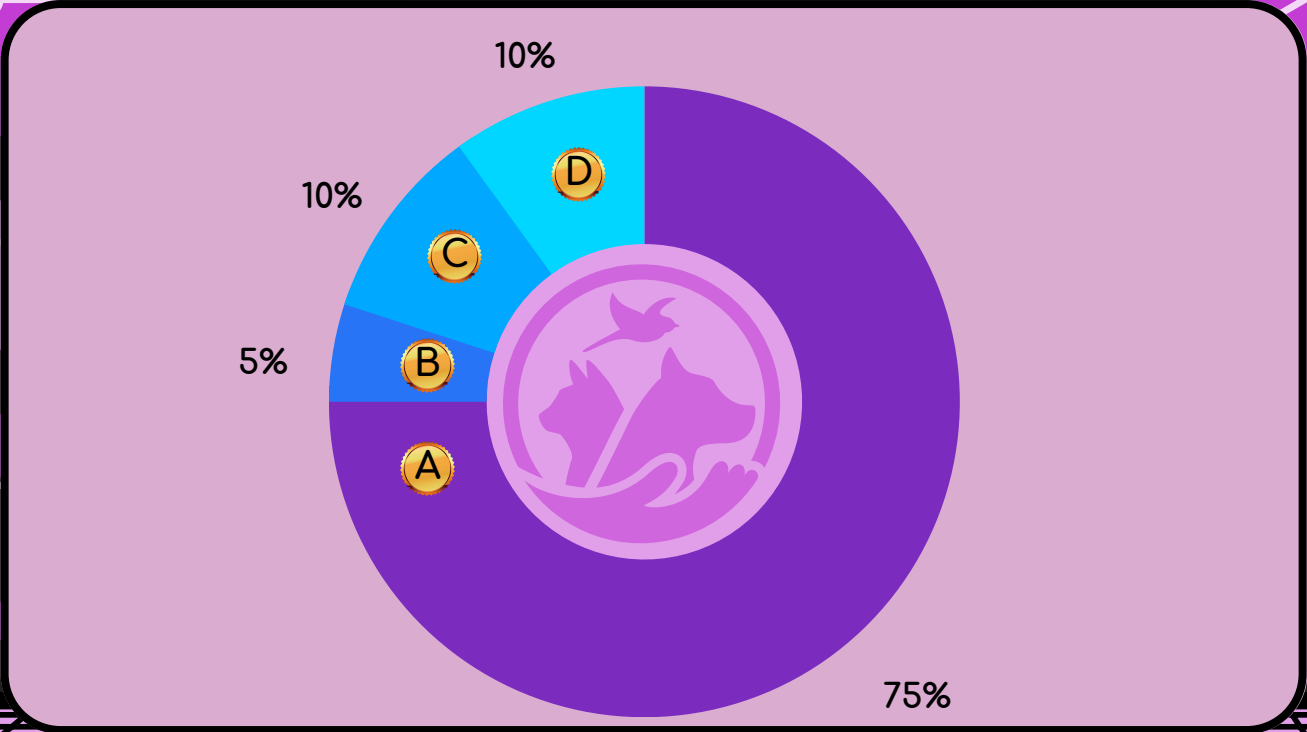

Accidents happen, and sometimes our furry friends get hurt or sick. In Season One, we'll be sponsoring the medical care of over 100 animals in need, in both shelters and clinics with owners unable to afford care.

Medical Care

Doing Real Good

75% of our project revenue goes directly to animal welfare, with transparency reporting and independent verification.

A **Animal Welfare**
75% of all RescuePals revenue goes directly to pre-determined animal welfare channels with comprehensive transparency reporting.

B **QNT Conversion**
We'll be actively converting 5% of our total project revenue into QNT for the purposes of licensing and platform upgrades.

C **Welfare Rewards**
10% of project revenue is used to create and issue welfare-based rewards for the game users and project ecosystem.

D **Project Development**
10% of project revenue is used for funding the development of the RescuePals universe.

Transparency & Reporting

All project revenue is extensively tracked with public reporting accessible both in-game & within our documentation.

Independent Verification

RescuePals utilizes a multi-step system to authenticate donations with independent third parties.

ZKP/DID

We're exploring the use of zero-knowledge and decentralized identity solutions to authenticate our real-world impacts.

Public Access

Transparency Reports will be posted monthly on our social media accounts and available in-game.

Permanent Data

All donation reporting will be uploaded to permanent file storage and can be referenced in metadata.

Multi-Sig Custody

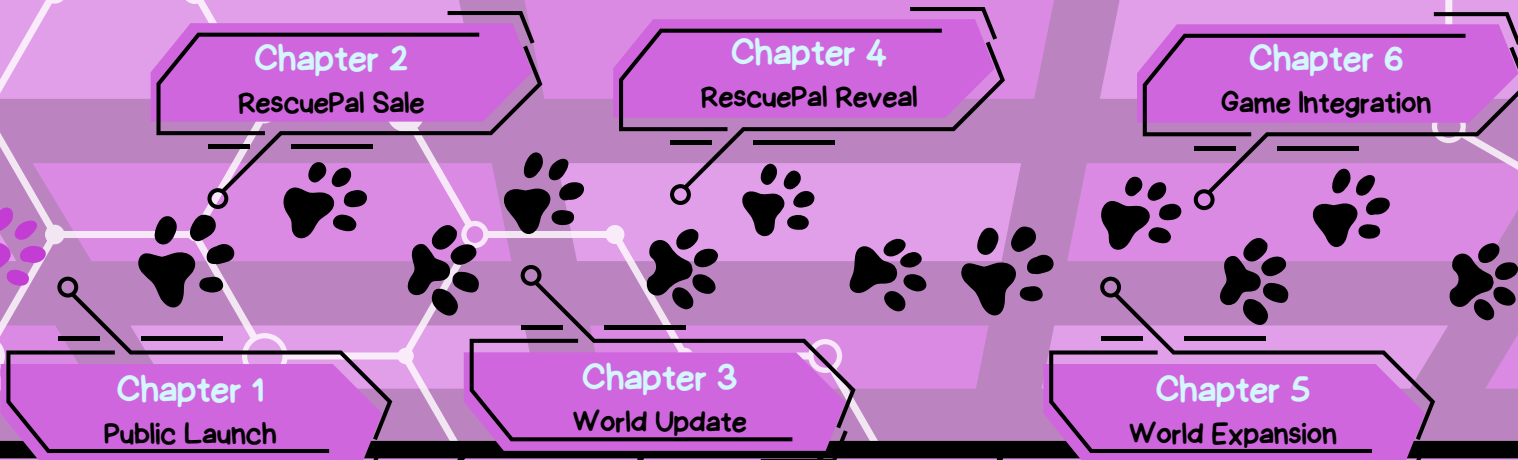

All project funds will be securely managed with multi-sig hardware wallets.

Roadmap

RescuePals follows a dynamic Season model that explores new worlds, characters, items, and more!

Season One features a six-part roadmap that brings RescuePals to the public, allowing players to explore and unlock the secrets of Pawtopia through an exciting campaign featuring a 10,000 dog shelter rescue & more!

Major updates in Season One include Free-to-Earn & Play-to-Aid game mechanisms, an expanding arcade, Tokenized physical assets, diverse microtransaction functions, and our first game characters.

The projected impact for Season One is:

- 
- Rescuing 10,000 dogs worldwide from kill shelters
 - Provide over 10,000,000 kibbles to hungry animals in shelters & qualified in-need pet owners.
 - Sponsor 100 medical procedures for pets in need

Purchasing RescuePals NFTs involves an element of risk and may lead to the loss of a substantial part or the entirety of the principal monies advanced. Before purchasing RescuePals NFTs, diligently and thoroughly assess and take into account the risks identified in this whitepaper, as well as others risks not included or anticipated in this document. Only purchase RescuePals NFTs if you fully understand the economics of RescuePals supply and issuance and the RescuePals economy. Crypto assets can be subject to expropriation and/or theft. Computer hackers or other malicious groups or organisations may attempt to interfere with the RescuePals platform in a number of different ways – these may include malware attacks, distributed denial of service attacks and consensus-based exploits such as a 51% attack that could result in the loss of RescuePals NFTs or the loss of the ability to access RescuePals NFTs. Because of the immutable nature of blockchain transactions there may be no remedy if a successful attack by malicious actors was to take place against the blockchain(s) that the RescuePals NFTs platform is built on. Crypto assets are not regulated as financial instruments and there is no refund or compensation available from regulatory bodies. The regulatory status of crypto assets remains in flux and varies from jurisdiction to jurisdiction, presenting owners of crypto assets with a level of legal uncertainty. It is possible that in the future, certain laws, regulations, policies or rules relating to crypto assets, blockchain technology or decentralized applications may be implemented that affect or restrict token holders' acquisition, ownership rights, and ability to buy, sell, convert or use crypto assets such as RescuePals NFTs. Uncertainties regarding tax legislation relating to crypto assets could leave token holders exposed to unforeseen consequences such as taxable events retrospectively applied or to be applied in the future. Each prospective RescuePals purchaser should weigh up their own individual appetite for risk and consider consulting an independent financial adviser before making any decisions. Readers of this whitepaper may also need to consult a tax professional, accountant, lawyer or other professionals in order to fully satisfy themselves regarding any outstanding matters related to how the RescuePals platform is designed and operated, before deciding whether a purchase of RescuePals NFTs would be in line with their risk profile. Digital assets may be unregulated in your jurisdiction. The value of digital assets may go down as well as up. Profits may be subject to capital gains or other taxes applicable in your jurisdiction.
